

## With Spring Right Around the Corner.....so is the ATBI Conference!

This March, Don't miss this year's annual ATBI/DLIA Conference. The theme is "Every Living Thing" and it takes place in Gatlinburg at the Park Vista, March 19-21. Presentations will cover, snails of the Smokies, sponges and fungi to name a few. Field Trips include botany, birds, geology; AND there are workshops and field trips especially for teachers, such as: Schoolyard ATBI and Salamander Study.

### **Teacher Scholarships:**

We are thrilled to announce our conference teacher scholarships. Our intention is to always make it easy for educators to be involved in all aspects of this project. DLIA awards scholarships to those that apply and are selected. This scholarship covers the registration fee for the recipient to attend the full conference at no charge (room and board not included).

### **Internships Available**

With the field season right around the corner, it is time again to hire the next DLIA interns. We are always looking for outstanding interns for a summer internship that want an experience where they can explore diverse interests in science, art, education, and nonprofit operation.
